J. Kendall Gross, Municipal Judge

August 8, 2019

Dear Customer:

Beginning with August water/ sanitation bills there will be a rate change for sanitation services provided by the City of Metter. This rate change will become effective for services received on or after July 17, 2019. Services received on or after July 17 will be billed on or about August 25 and are due for payment by September 10 in order to avoid late charges or other penalties.

These fees are designed to recover the cost of the City providing this service to direct users; and thereby avoid additional cost to taxable properties through the millage rate.

Residential Sanitation Services:

Each residence inside the City of Metter receives three (3) sanitation services per week. They are:

- Once weekly polycart pickup for household garbage - \$15
- Once weekly inert waste pickup for yard debris/junk - \$10

Residential package service rates are changing from \$17 per month to \$25 per month.

Commercial Sanitation Services:

Each business inside the City of Metter may receive five (5) sanitation services per week. They are:

- Polycart pickup for general garbage three (3) times per week - \$32
- Once weekly inert waste pickup for yard debris/junk - \$10

Commercial package service rates are changing from \$23 per month to \$42 per month.

If you have any questions, please call City Hall Monday through Friday, 8:00 a.m. through 5:00 p.m. at 912/685-2527.

Sincerely,

A handwritten signature in blue ink, appearing to read 'H. Carter Crawford'. The signature is stylized and fluid.

H. Carter Crawford, ICMA-CM
